## **(Indoor Display)**

---

Include a written plan for how you intend to use the pyrotechnics as required by the New York State Penal Law Section 405.10 and NFPA 1126. That plan shall be submitted at least five days prior to the performance and shall include:

- In addition to the State licenses and certificates already included in this application, proof of Federal ATF Licenses if required,
- Proof of experience of the pyrotechnician in charge,
- Proof of experience with the types of devices being used and a description of duties of any authorized assistants,
- Point of on-site assembly of the pyrotechnic devices, if any,
- Certification that the set, scenery, and rigging materials are inherently flame-retardant or have been treated to achieve flame retardancy,
- Certification that all materials worn by performers in the fallout area during use of pyrotechnic effects are inherently flame-retardant or have been treated to achieve flame retardancy,
- Attach a diagram of the area where the display will take place, showing location where fireworks will be discharged from, the location of, and distance to the audience, the location of sprinklers and the fallout radius for each pyrotechnic device use,
- Material Safety Data Sheets (MSDS) for the pyrotechnic materials to be used,
- A separate **Operating Permit** is required for the use of pyrotechnics devices in “Group A” Assembly occupancies.
